

**McAsphalt Industries Limited  
Human Resources**

**CAREER POSTING**

**McAsphalt Industries Limited – Technical Services**

**Title:** Manager Technical Services, West

**Location:** Regina, Saskatchewan

**Reporting to:** Director, Technical Services

**Responsibilities:**

You will be responsible for managing our ISO 9001:2000 asphalt material testing laboratory and the training and development of all technical laboratory personnel. You will be responsible for all technical services and product quality issue resolution and response for our Western Canadian Manufacturing Facilities (5). You will research and develop products as well as ensure administrative duties and customer correspondence is maintained. These duties require advanced computer knowledge, solid communication skills and the ability to work in a team environment.

**Requirements:**

Successful candidates will have a degree/diploma in Civil Engineering coupled with a Mathematical background or CET and laboratory experience. You will be familiar with Microsoft Office programs and be ready to lead the hands on technical service and research side of our business critical products in Western Canada.

Interested applicants are requested to apply to Human Resources, send your resume and cover letter to:
